

# Urgent Care Centers

Urgent Care Centers should be utilized instead of emergency rooms when **Non – Emergent** medical care is required after duty hours . Emergency rooms are designed to treat medical emergencies such as heart attacks, accidents or other emergencies that threaten life, limb or eyesight. Below is a list of local Urgent Care Centers that are TRICARE Prime authorized. Utilization of an Urgent Care Center vs an emergency room saves you wait time and possible payment of a medical claim. You **MUST** contact the After-Hours-Nurse line at 877-418-0983 to obtain a referral for urgent care visits.
